

Indiana Department of Natural Resources / Division of Water

30 Day Public Notice Report

The Department of Natural Resources is providing this report to satisfy the requirements of the "Procedures Concerning Certain Licenses Act", IC 14-11-4, and its associated administrative rule, 312 IAC 2-3. The application files are available for public inspection at the Division of Water's office in Indianapolis. Please contact the Division's Technical Services Section at (317) 232-4160 or the toll free number 1-877-928-3755 to make an appointment for file review. Photocopies may be made for a nominal charge of \$0.10 per 8 1/2 " X 11" copy.

A pre-action public hearing on an application may be requested by filing a written petition with the Director, Division of Water:

Michael W. Neyer, P.E., Director
Division of Water
Room W264
402 West Washington Street
Indianapolis, Indiana 46204

For a petition to be considered valid it must:

1. Contain the typed or legibly printed name and complete mailing address of each petitioner;
2. Be signed by a minimum of 25 individuals who are at least 18 years old and either reside in the county where the project will take place or own real property within 1 mile of the project site;
3. Affirm that each signatory to the petition satisfies the requirements of item 2; and
4. Identify the application for which the public hearing is being requested either by the application # or the applicant's name and the project description.

A petition which does not meet these requirements will be considered invalid and the hearing request will not be granted.

A person may request that the Department provide written notice of its action on an application by filing a written request with:

Division of Water
Room W264
402 West Washington Street
Indianapolis, Indiana 46204

The request must identify the application by either the application # or the applicant's name and the project description.

30 Day Public Notice Report

Application # : FW-23800

Stream : Unnamed Tributary Cady
Marsh Ditch

Applicant : C Andrew Thomas
1408 Inverness Lane
Schererville, IN 46375-2941

Description : A 124' x 54' warehouse and a 40' x 42' office building will be constructed in the floodway. Fill will be placed at the site to provide a top of slab elevation of 623.4', NGVD. Construction will also include an 89' x 45' asphalt parking lot. Details of the project are contained in information and plans received at the Division of Water on April 20, 2006.

Location : 441 West Main Street; approximately 490' west from the Kennedy Avenue and Main Street intersection
DOWNSTREAM: near Schererville, St. John Township, Lake County
NE¼, NE¼, NW¼, Section 4, T 35N, R 9W, Highland Quadrangle
Quad Code: 4108754
UTM Coordinates: Downstream 4596918 North, 461310 East
UPSTREAM:
UTM Coordinates: Upstream 4596846 North, 461310 East

Statute/Rule : Flood Control Act, IC 14-28-1, with the associated Flood Hazard Area Rule, 312 IAC 10

30 Day Public Notice Report

Application # : FW-23811

Lake : Hoffman Lake

Applicant : Boone County Highway Department
Tom Kouns
1955 Indianapolis Avenue
Lebanon, IN 46052-2938

Description : This project consists of re-aligning and placing fill in the Eagle Creek Floodplain for approximately 730' along Willow Road at Cross Branch Ditch. The new alignment shifts Willow Road approximately 110' maximum to the North and West of the existing alignment. The depth of fill above the profile grade of the existing Willow Road to the profile grade of the proposed re-alignment of Willow Road will vary from 0", where the two profile grades intersect, to approximately 3'-2" at Cross Branch Ditch and the average increase in fill depth is approximately 1'-3". The blockage resulting from the proposed project is less than 5% of the floodway area of Eagle Creek. The existing road at Cross Branch Ditch will be used as a multi-use path. The proposed re-aligned Willow Road will have 2-11' lanes with 4' shoulders and there are 3:1 side slopes to the existing ground. The project is locally funded. Details of the project are contained in information received electronically at the Division of Water on April 28, 2006.

Location : At the existing Willow Road crossing Cross Branch Ditch, located approximately at the North edge
at Zionsville, Eagle Township, Boone County
Section 35, T 18N, R 2E

Statute/Rule : Flood Control Act, IC 14-28-1, with the associated Flood Hazard Area Rule, 312 IAC 10

Indiana Department of Natural Resources / Division of Water

30 Day Public Notice Report

Application # : FW-23812

Stream : New Reynolds Ditch

Applicant : City of Lebanon Utilities
PO Box 479
Lebanon, IN 46052-0479

Description : Approximately 350 linear feet of 8-inch diameter PVC sanitary sewer will be placed parallel to the New Reynolds Ditch in order to provide municipal sanitary sewer service to currently unsewered residences. The sewer line will be placed by the open-cut trench method. The line will not cross the New Reynolds Ditch and will be located approximately 25 feet to the west of the western top of bank of the ditch. Details of the project are contained in information received electronically at the Division of Water on May 1, 2006.

Location : Along the west bank of the New Reynolds Ditch beginning approximately 400 feet south of the crossing beneath S.R. 39/North Lebanon Street and ending approximately 750 feet south of the crossing beneath S.R. 30/North Lebanon Street
at Lebanon, Center Township, Boone County
Section 25, T 19N, R 1W, Lebanon Quadrangle
Quad Code: 4008614

Statute/Rule : Flood Control Act, IC 14-28-1, with the associated Flood Hazard Area Rule, 312 IAC 10

30 Day Public Notice Report

Application # : FW-23813

Stream : Eagle Creek

Applicant : Boone County Highway Department
Tom Kouns
1955 Indianapolis Avenue
Lebanon, IN 46052-2938

Description : This project will consist of realigning Willow Road to the north in order to more easily adjoin the new bridge over Cross Branch. Due to the relocation, approximately 445' of Cross Branch will be realigned to ensure proper hydraulics through the relocated Willow Road. The new channel will be 3' deep and have 2:1 sideslopes. The channel will have a 12' flat bottom ditch for approximately the first 200' of channel then taper out to 20' to intersect the proposed structure's span. The existing Willow Road alignment will become a multi-use path thus requiring the existing one span concrete slab to remain in place. A new structure approximately 126' upstream will be required to carry the relocated Willow Road over Cross Branch. This structure will be a 20' span by 6' high pre-cast three-sided structure. It will have an out-to-out length of 72' and will be skewed 35 degrees. The new road will be raised to a maximum of 9' above existing ground. Details of the project are contained in information received electronically at the Division of Water on November 30, 2005.

Location : At the existing Willow Road stream crossing of Cross Branch
DOWNSTREAM: near Zionsville, Eagle Township, Boone County
NE¼, SE¼, SE¼, Section 35, T 18N, R 2E, Zionsville Quadrangle
Quad Code: 3908683
UTM Coordinates: Downstream 4423122 North, 563183 East
UPSTREAM:

30 Day Public Notice Report

Application # : FW-23814

Stream : White Lick Creek

Applicant : The Town of Plainfield
Timothy A Belcher
206 West Main Street
Plainfield, IN 46168-2525

Description : A new bridge will be constructed over White Lick Creek to carry a trail across the stream. The new structure will be a single-span suspension bridge, with two decks at the same elevation, and a span length of 140 ft. The structure will have an out-to-out length of 157.5 ft and two clear roadway widths of 6 ft each. The spill through abutments will have a new 2:1 sideslope armored with Class 2 riprap and an existing 1.5 to 1 sideslopes armored with Class 2 riprap. The abutments and piers will cross perpendicular to streamflow. The approach trails will be elevated a maximum of 5 ft above the existing grade, but will turn at the bridge termini and run along the stream and not extend across the entire floodway. The project is federally funded. Details of the project are contained in information received electronically at the Division of Water on May 1, 2006

Location : This project is located about 150 feet downstream (southeast) of the existing US40 bridge crossing
at Plainfield, Guilford Township, Hendricks County
Section 34, T 15N, R 1E, Plainfield Quadrangle
Quad Code: 3908664

Statute/Rule : Flood Control Act, IC 14-28-1, with the associated Flood Hazard Area Rule, 312 IAC 10

30 Day Public Notice Report

Application # : PL-20437

Lake : Hoffman Lake

Applicant : Thomas J Ono
7630 West Person Road
Warsaw, IN 46582-8410

Description : A new seawall will be constructed along the frontage of the applicant on Hoffman Lake to deter shoreline erosion. The wall will be composed of 6" inch to 12" diameter and will be approximately 50' long. Its lakeward face will be at the legal shoreline of the lake. Details of the project are contained in information received electronically at the Division of Water on April 28, 2006.

Location : 7630 West Person Road
near Warsaw, Prairie Township, Kosciusko County

Statute/Rule : Lakes Preservation Act, IC 14-26-2, with the associated Public Freshwater Lake Rule, 312 IAC 11

Application # : PL-20438

Lake : Snow Lake

Applicant : Clayton L Sanderson
PO Box 345
Leo, IN 46765-0345

Description : An existing concrete seawall will be refaced across the entire applicants 70 ft. frontage in the sprague addition at snow lake to prevent further deterioration. The refacing will consist of reinforced poured concrete which will be tied to the existing wall with steel reinforcing rods. Details of the project are contained in information received electronically at the Division of Water on April 28, 2006.

Location : 395 Lane 890 Snow Lake

near Fremont, Jamestown Township, Steuben County
NW¼, Section 27, T 38N, R 13E

Statute/Rule : Lakes Preservation Act, IC 14-26-2, with the associated Public Freshwater Lake Rule, 312 IAC 11

30 Day Public Notice Report

Application # : PL-20443

Lake : Lake Wawasee

Applicant : Sol C Miller
11933 North Ogden Point Road
Syracuse, IN 46567-8722

Description : Applicant proposes to bring to grade 4200 square feet (0.1 acre) of wetlands in a 0.49 acre lot to provide overflow parking for use in conjunction with applicant's residence located on the west side of N. Ogden Point Road. The entire 0.49 acre lot is wetland. Applicant proposes to create a 4200 square foot parking lot by filling with 240 cy of clean earthen fill covered by 50 cy of gravel. Approximate depth of fill material will be 18 inches. Dimensions of the fill area would be 67' x 60'. The area to be filled would run adjacent the road shoulder, at an elevation equal to the road shoulder and extend eastward into the tract a distance of 60'. Sideslopes of the fill not to exceed 3:1. Details of the project are contained in information received electronically at the Division of Water on May 3, 2006.

Location : 11933 N. Ogden Pt. Rd.
near Syracuse, Turkey Creek Township, Kosciusko County
NE¼, Section 15, T 34N, R 7E, Lake Wawasee Quadrangle
Quad Code: 4108546

Statute/Rule : Lakes Preservation Act, IC 14-26-2, with the associated Public Freshwater Lake Rule, 312 IAC 11
